Dear Stan,

Words of course are insufficient to tell you how grateful I am to you for having joined us during the Change of Command ceremonies. Your presence and that of Pat added so much to the day that I feel that I shall never express adequately my gratitude. I would be less than accurate if I were to say that I had looked forward to the day. Now that it is over, I can state without hesitation that ~~you're~~ being here, saying the very kind things that you said, and presiding at the ceremony has provided memories which will never dim. Your role, incidentally, has been commented upon by any number of people with whom I have spoken and who have expressed great admiration and appreciation for your having made the trip.

I am deeply and humbly grateful to you and extend to you and to Pat and to all the members of your party who contributed so much to making the day such a memorable one, my deepest appreciation. With all best wishes, I am,

Most sincerely,

H. N. KAY
